Save

Save \$20.00 on your Air Conditioning contract if you also have a contract on your Heating System.

Note:

Contract does not cover coils, compressors, refrigerant or refrigerant lines.

Service Calls due to dirty or blocked air filters are not covered under contract.

Service Conditions:

We reserve the right to inspect and approve the equipment covered before accepting the service plan.

Initial repairs required to put the Air Conditioning unit in an acceptable condition are not covered.

The length of the plan is one year. All plans will be renewed automatically from year to year unless terminated by either party giving 30 days written notice. Service under any plan will be suspended if charges are not paid when due.

The plan will become null and void if buyer permits any person other than a Young's representative to render service to the equipment, except as instructed by us.

The contract does not cover acts of God, i.e. : fire damage, flooding, or other water damage, etc. except that which is caused by ordinary wear and tear.

The contract does not cover parts or labor when failure is due to:

Customer leaving emergency switch in "off position"
Customer setting thermostat to high to call for cooling.

We do not guarantee the availability of any repair or replacement parts.

There will be no refunds on any unused portion of the plan, although it may be transferred to a new occupant subject to our approval.

Service Hours:

During the life of this agreement, Young's Petroleum will provide dependable, prompt service during regular business hours Monday through Friday, 8:00 am to 4:30 pm.

American Standard
HEATING & AIR CONDITIONING

Service Conditions

1. We reserve the right to inspect and approve the equipment covered before accepting the service plan. Initial repairs required to put the burner in an acceptable condition are not covered.
2. The length of the plan is one year. All plans will be renewed automatically from year to year unless terminated by either party giving 30 days' written notice. Service under any plan will be suspended if customer's oil or service charges are not paid when due.
3. If buyer permits any person other than a Young's Petroleum representative to render service to the equipment, except as instructed by us, the plan will become null and void.
4. Plans include only the repair and replacement of parts specifically listed herein that are defective due to ordinary wear. They do not cover any service or repairs to the entire boiler or burner, heat exchangers, jackets, water heaters or any part not specified in the plan.
5. This plan does not cover repair or replacement of obsolete parts such as certain zone valves, circulators and combustion chambers that are not available through regular sources of supply. **5a. This agreement covers one (1) zone only. Additional zones will be covered at a cost of \$20 each.**
6. Customer agrees to purchase all fuel requirements from Young's Petroleum; otherwise, the contract is voided and no refund is due.
7. Young's Petroleum shall not be liable for any loss, damage or injury arising from the service performed or parts supplied under this plan unless the loss, damage or injury is caused directly and solely by our own negligence.
8. We shall not be liable for any loss, damage or injury that results directly from the condition of the customer's chimney, oil tank or equipment not covered by this plan, or unoccupied homes.
9. This agreement does not cover acts of God, fire damage, flooding or other water damage, etc., except that which is caused by ordinary wear and tear.
Exclusions: This plan does not cover parts or labor when failure is due to:
 - Lack of oil when delivery has been delayed due to delinquency in payments, or when customer is not on automatic delivery.
 - Failure of customer to maintain proper boiler water level or pressure.
 - Customer leaving emergency switch in "off" position.
 - Customer setting thermostat too low to call for heat.
 - Air in baseboard radiation or radiators.
 - Parts expressly excluded from this plan include: parts or controls on coal and/or wood-burning units.
 - Piping not related to the heating system.
 - Radiant heat, manifolds and associated controls.
 - Domestic hot water coils.
 - Damage and repair to equipment and dwelling due to failures in chimney and venting systems.
 - Blockage in system and fuel lines due to tank-related problems.
10. We do not guarantee the availability of any repair or replacement parts.
11. Prices quoted refer only to burners up to 2.50 gallons per hour. Prices for other burners are available upon request.
12. Suspended overhead units or units in a crawl space are subject to a surcharge per unit.
13. This plan contains the entire plan of the parties hereto, and there are no promises, terms, conditions or obligations other than printed herein.
14. There will be no refunds on any unused portion of the plan, although it may be transferred to a new occupant subject to our approval.

SERVICE HOURS

During the life of this agreement, Young's Petroleum will provide dependable, prompt emergency service 24 hours a day, 7 days a week, 365 days a year.

Emergency service is defined as no heat, no hot water, oil leak or a dangerous situation. If non-emergency service calls are made nights, Saturdays, Sundays, or holidays, the customer agrees to pay a per-call charge based on the company's current rate. All other calls are handled during normal business hours, Monday through Friday, 8:00 a.m. to 4:30 p.m.

Loyalty Credits (2008)

(included in both plans)

It is our goal to reward our loyal customers. You earn \$50 credit for each year you renew your service plan, up to a total of \$500 during your lifetime as our customer. You can use a portion of these credits toward the purchase of a variety of heating and cooling equipment. (The figures below show how much can be used for any one item.) Credits are non transferable. They have value only as a credit toward the following equipment purchased from Young's Petroleum by Young's Petroleum customers.

- Boiler.....\$500
- Oil-Fired Water Heater...\$300
- Oil Burner.....\$200
- Basement or Aboveground Indirect Water Heater...\$200
- Central A/C System.....\$200
- Furnace.....\$500
- Oil Tank.....\$200
